OPENING THE MIND, HEALING THE BRAIN COURSE

Learn how to perform, read, and apply brain SPECT imaging in clinical practice with skill building exercises.

Learn how the Amen Clinics treatment algorithm can enhance diagnosis and treatment, even if your patients never get scanned.

Based on over 115,000 SPECT scans performed at the Amen Clinics discover:

- 7 types of ADD
- 7 types of anxiety/depression
- 6 types of addicts
- 5 types of overeaters
- Variants of TBI, PTSD, OCD and more
- Specific treatments for each brain type or combination of types (one plan will never work for everyone with any of these issues)

Learn how to use targeted, evidence-based tools, including brain-directed nutraceuticals, pharmaceuticals, hyperbaric oxygen therapy (HBOT), psychotherapy (EMDR, CBT), neurofeedback, and lifestyle changes to improve treatment response. *(18 hours of video)*

"I found the Amen Clinic's Brain Health Coaching Certification Course remarkable and refreshing. As simple as it sounds the principle of "if your brain works better so will you" has turned the lives around of the hundreds of patients I've worked with over the last few years."

– Jack Felton, MA, MFT

THE CLINICIAN'S BRAIN SCIENCE TOOLBOX

Our unique Amen Clinic intake forms, checklists, questionnaires, treatment algorithms and treatment planning forms. All of the tools we use in house to determine a specific brain type of the client you are working with. *(over 180 pages)*

IMAGES OF HUMAN BEHAVIOR SPECT ATLAS

A comprehensive case study that serves as a valuable resource for teaching patients about the effects of brain problems on their behavior. Examine before and after treatment brain SPECT studies. *(over 300 brain SPECT images and 26 pages of detailed scientific references)*

"I hope you join the team of professionals, such as my self...in the first major paradigm shift in the fields of psychiatry and psychology to occur in over 100 years! I and the healthcare professionals associated with me have greatly benefited from being intimately involved in the application of neuroscience to everyday practice from being able to learn from Dr. Amen and his staff."

– Dr. Earl Henslin, Brea, CA

“When your brain works right, you work right; and when your brain is troubled, you are much more likely to have trouble in your life.” – DANIEL AMEN, MD
